

## FLOORTECH – FT 6800 B

FT-6800B high-quality commercial driver-type sweeper FT-6800 B, with a cleaning width of 1150mm, can efficiently clean more than 680m<sup>2</sup> of ground per hour, and can effectively clean the ground that cannot be cleaned by the asphalt, cement, sand, rubble and other floor cleaners.

## Performance Features

- Cleaning efficiency 6800 m<sup>2</sup>/h, 100L back drawer type push-pull dust box the cleaning width is more than 1150mm, which can effectively clean the ground that cannot be cleaned by the floor washer, such as cement, sand, rubble etc., and effectively handle cigarette butts, various household garbage, and various solid particles and dust. The 100L large dust box is set to hold more garbage, and the drawer design makes it more convenient for garbage transportation and handling.

- Optional 90 L large water tank, supporting high-pressure flushing

The large capacity of the water tank can ensure that the water can be sprayed for a long time without interruption and effectively improve the cleaning efficiency. According to the daily working environment, some streets, residential areas, squares, scenic and other corners that are difficult to clean can be high-pressure cleaned or equipped with unilateral flushing.

- Hydraulic braking, good braking effect

Good braking effect and high safety

- Integrated axle

The integrated axle has good transmission effect and strong bearing capacity.

- High cost performance and economic benefits.

It can be equipped with high – pressure flushing, unilateral flushing and sunshade with complete functions.
